

EN 1. FUNDAMENTAL SAFETY WARNINGS

- The appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
 - Children should be supervised to ensure that they do not play with the appliance.
 - Designated use: this appliance is designed and made to prepare beverages based on coffee, milk and hot water. Use drinking water only in the tank. Never use the accessories to make beverages other than those described in these instructions. Any other use is considered improper and thus dangerous. The manufacturer is not liable for damage deriving from improper use of the appliance.
 - The surface of the heating element remains hot after use and the outside of the appliance may retain the heat for several minutes depending on use.
 - Clean all the components thoroughly, taking particular care with parts in contact with the milk.
 - Cleaning and user maintenance shall not be made by children without supervision.
 - Never clean by immersing the appliance in water.
 - **IMPORTANT:** to prevent damage to the appliance, do not clean with alkaline detergents; use a soft cloth and, where applicable, neutral detergent.
 - This is an household appliance only. It is not intended to be used in: staff kitchen areas in shops, offices and other working environments; farm houses; by clients in hotels, motels and other residential type environments; bed and breakfast type environments.
 - If the plug or power cord is damaged, it must be replaced by customer services only to avoid all risk.
 - Appliances with removable cord: avoid splashes of water on the power cord connector or socket at the back of the appliance.
 - **IMPORTANT:** Models with glass surfaces: do not use the appliance if the surface is cracked.
 - The coffee maker must not be placed inside a cabinet or kitchen unit during use
- FOR EUROPEAN MARKETS ONLY:**
- This appliance can be used by children aged from 8 years and above if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Cleaning and user maintenance shall not be made by children unless they are above 8 years old and supervised. Keep the appliance and power cord away from children under 8 years of age.

- The appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they are supervised or have been given instruction concerning use of the appliance in a safe way and if they understand the hazards involved.
- Children shall not play with the appliance.
- Always unplug the appliance when left unattended and before assembly, taking apart or cleaning.

Surfaces marked with this symbol become hot during use (the symbol is present in certain models only).

This is an electrical appliance and may cause electric shock.

You should therefore follow these safety warnings:

- Never touch the appliance with damp hands or feet.
- Never touch the plug with damp hands.
- Make sure the socket used is freely accessible at all times, enabling the appliance to be unplugged when necessary.
- Unplug directly from the plug only. Never pull the cord as you could damage it.
- To disconnect the appliance completely you must unplug it from the mains socket.
- If the appliance is faulty, do not attempt to repair. Turn it off, unplug from the mains socket and contact Customer Services.
- Before cleaning the appliance, turn it off, unplug from the mains socket and allow to cool.

2. GENERAL INFORMATION

2.1 Instruction for Use

Read all the instruction for Use carefully before using the appliance. Failure to follow this instruction for Use may result in burns or damage to the appliance.

The manufacturer is not liable for damage deriving from failure to respect this instruction for Use.

Please note:

These safety warnings are valid for all De'Longhi coffee machines.

Keep this leaflet together with the instructions accompanying the appliance.

If the appliance is passed to other persons, they must also be provided with this instruction for Use.

Important!
Keep all packaging (plastic bags, polystyrene foam) away from children.
CHOKING HAZARD. The appliance might contain small parts. Some of those small parts might be required to get disassembled during cleaning and maintenance operations. Handle with care and keep small parts out of reach of children.

Danger of burns!

This appliance produces hot water and steam may form while it is in operation.

During operation (automatic rinsing, hot beverage delivery, steam delivery, cleaning), avoid contact with splashes of hot water or steam.

When the appliance is in operation, the cup shelf could become very hot.

3. BEFORE USE

3.1 Checking the appliance

After removing the packaging, make sure the product is complete and undamaged and that all accessories are present. Do not use the appliance if it is visibly damaged. Contact De'Longhi Customer Services.

3.2 Installing the appliance

When you install the appliance, you should respect the following safety warnings:

- The appliance gives off heat. After positioning the appliance on the worktop, leave a space of at least 3 cm between the surfaces of the appliance and the side and rear walls and at least 15 cm above the coffee maker.
- Water penetrating the appliance could cause damage. Do not place the appliance near taps or sinks.
- The appliance could be damaged if the water it contains freezes. Do not install the appliance in a room where the temperature could drop below freezing point.

- Arrange the power cord in such a way that it cannot be damaged by sharp edges or contact with hot surfaces (e.g. electric hot plates).

3.3 Connecting the appliance

Check that the mains power supply voltage corresponds to that indicated on the rating plate on the bottom of the appliance. Connect the appliance to an efficiently earthed and correctly installed socket with a minimum current rating of 10A only. If the power socket does not match the plug on the appliance, have the socket replaced with a suitable type by a qualified professional.

3.4 Setting up the appliance

The first time you use the machine, the water circuit is empty and the appliance could be very noisy. The noise becomes less as the circuit fills.

3.5 Cleaning and maintenance of materials in contact with food

- The first time you use the appliance, or if it is not used for more than 3 or 4 days, rinse all removable accessories which may come into contact with water or milk with hot water.
- If the appliance is not used for more than 3 or 4 days, before making the first beverage, rinse the water circuit as described in this instruction for Use.
- You should carry out automatic cleaning and guided maintenance scrupulously when proposed by the appliance through the display or the lights described in the manual.

3.6 Making cappuccinos and milk-based coffees

- The appliance has been tested for use with cow's milk and the following products of plant origin: soya, rice and almond. No other type of milk or product of plant origin may be used.
- The appliance has been tested for use with cow's milk and the following products of plant origin: soya, rice and almond. No other type of milk or product of plant origin may be used.
- The cleaning methods provided by the manufacturer and described in the instructions do not guarantee the complete removal of allergens.
- In the case of confirmed or suspected allergies, do not use milk and products of plant based origin in the same machine.

4. REGULATORY REFERENCES

 This product complies with European regulation no. 1935/2004 on materials and articles intended to come into contact with food.

5. DISPOSING OF THE APPLIANCE

 The appliance must not be disposed of with household waste, but taken to an authorised waste separation and recycling centre.

DE 1. GRUNDLEGENDE SICHERHEITSHINWEISE

- Das Gerät darf nicht von Personen (einschließlich Kindern) mit eingeschränkten Kenntnissen hinsichtlich seiner Handhabung bzw. einer Beeinträchtigung der Sinnesorgane verwendet werden, es sei denn, sie werden von einer Person überwacht, die für ihre Sicherheit verantwortlich ist, oder im sicheren Gebrauch des Gerätes geschult.
- Kinder müssen überwacht werden, damit sie nicht mit dem Gerät spielen.
- Bestimmungsgemäßer Gebrauch: dieses Gerät ist für die Zubereitung von Kaffee- und Milchgetränken sowie Heißwasser ausgelegt. Nur Trinkwasser im Tank verwenden. Die Zubehörteile nicht für die Zubereitung von Getränken verwenden, die nicht in der Bedienungsanleitung beschrieben sind. Jeder andere Gebrauch gilt als unsachgemäß und somit gefährlich. Der Hersteller haftet nicht für Schäden, die durch unsachgemäßen Gebrauch des Gerätes verursacht werden.
